24-hour Psychiatric Advisory Service

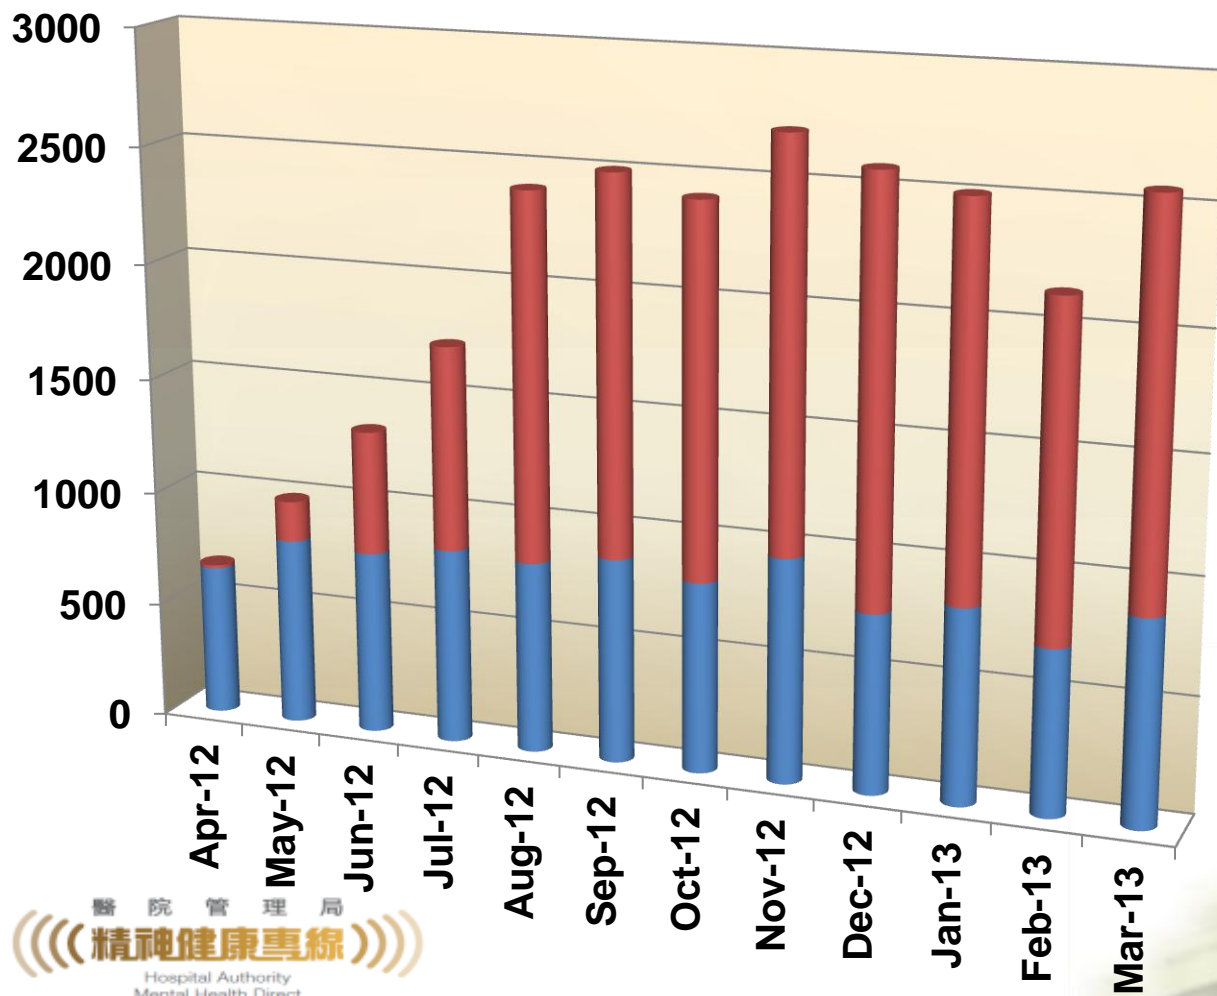

Psychiatric Telecare Service

Telecare Service to SMI patients discharged from Community Psychiatric Service (CPS) and facilitate CPS termination to take on new cases

Aim to reduce SOPC default rate, AED attendance for psychiatric reasons, re-activation of CPS, psychiatric admission

Overall Throughput - 2012/13

Advisory: 9,826

Telecare: 14,704

Total: 24,530

*Average 2,400
calls/month*

■ Telecare

■ Advisory

Reduce burden to other Psy services

	Psy. Hotline (2011)	MHD (2012/13)
AED/Police referrals	262	87
SOPC urgent new case referrals	33	5
Referrals for Community Psychiatric Team (outreach visits)	85	27

MHD Advisory Service helped to reduce diversion to AED/Police and other Psychiatric services compared with previous psychiatric advisory hotline.
