System and
Aged Care**

Research and Development

Paradigm Shift in Healthcare Delivery

Enhancing Primary Care

Build new polyclinic and redevelop existing ones

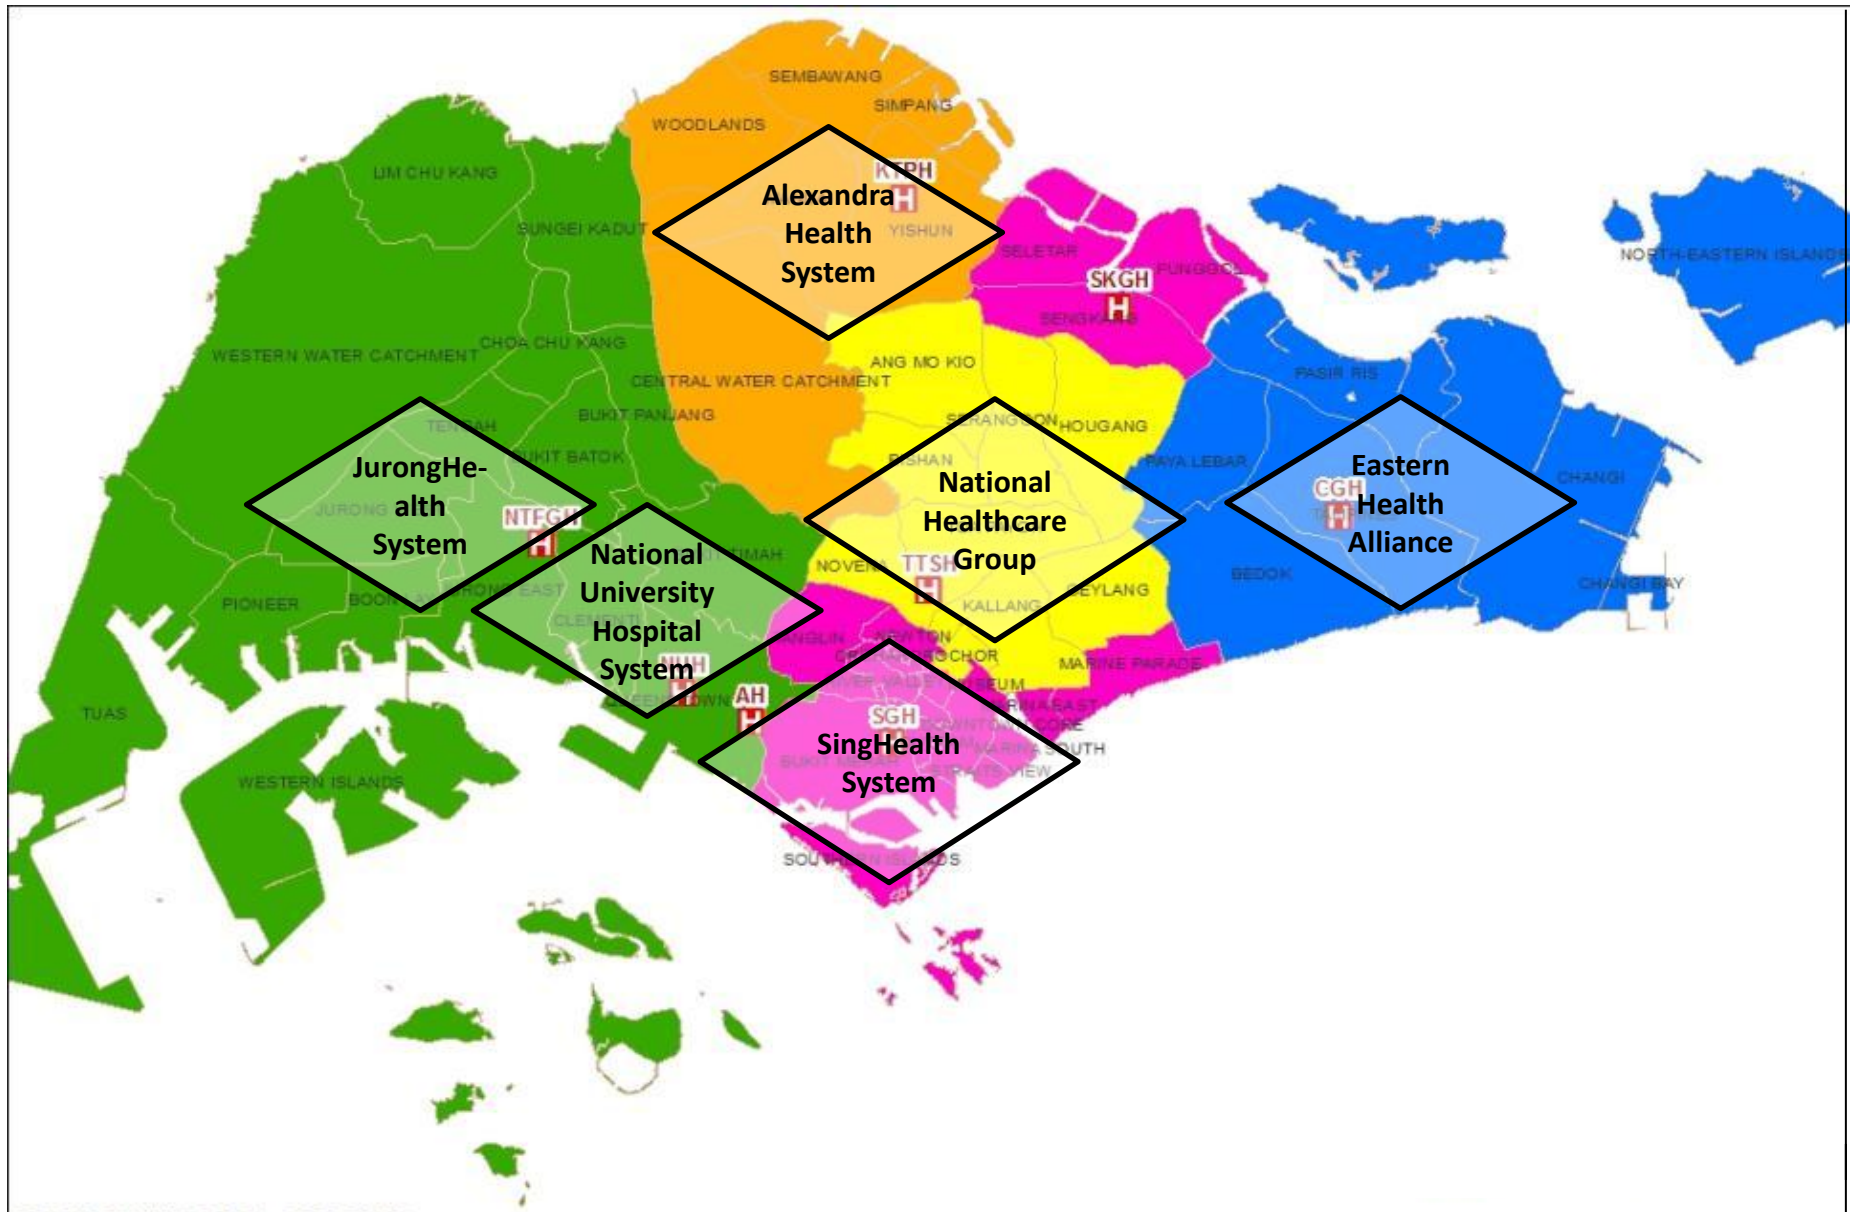

Build more Family Medicine Clinics (FMCs)

Expanding the Community Health Assist Scheme (CHAS)

Re-organising Delivery of Care - Regional Health Systems

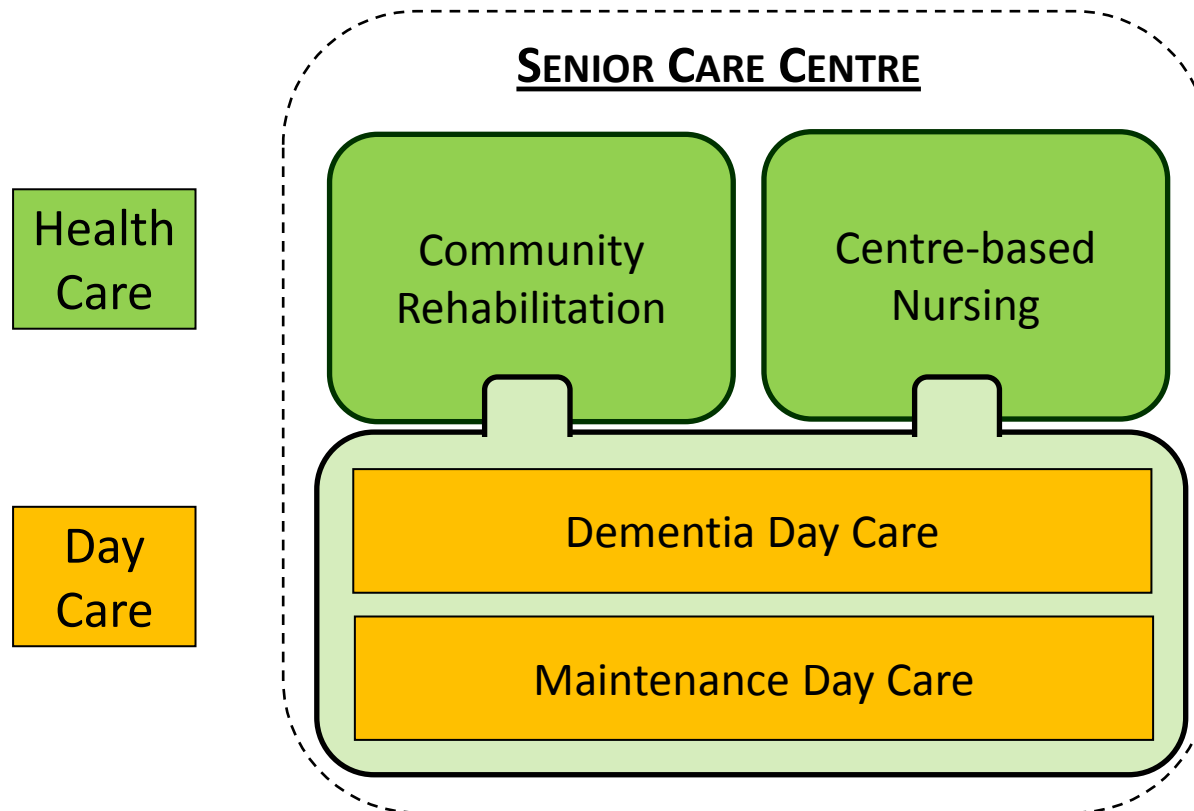

Regional Health Systems – Orchestrates Care

Orchestrating holistic, patient-centred care across the entire healthcare continuum

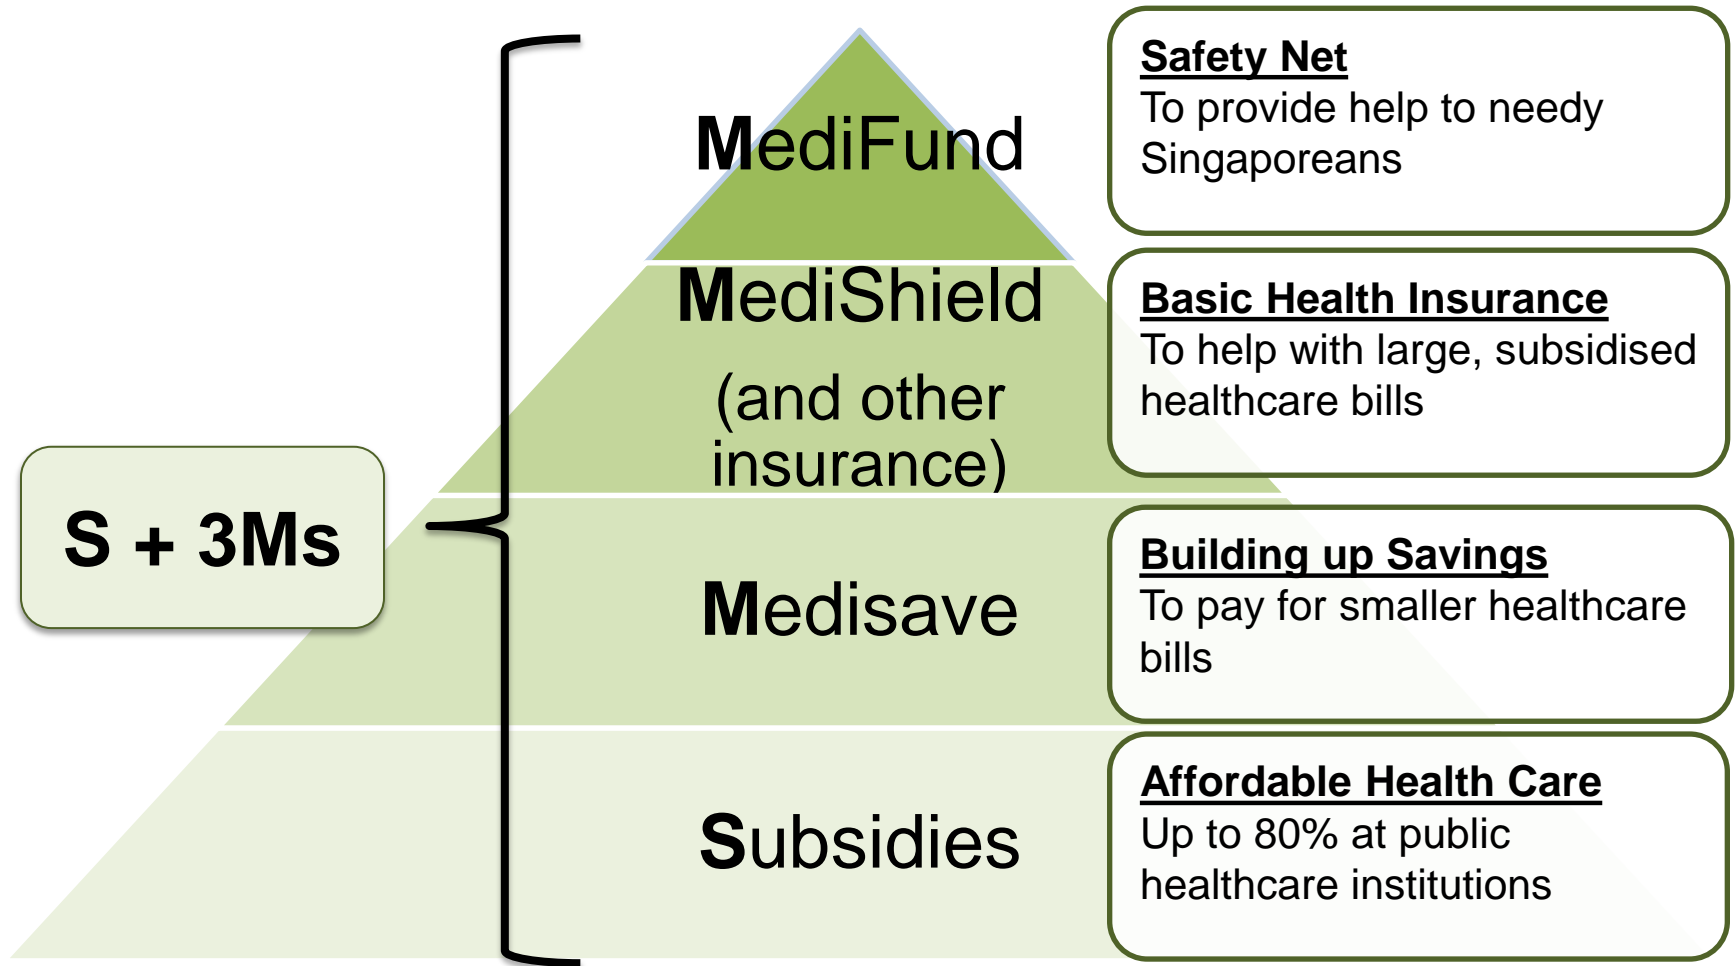

Integrating Health and Social Care

- Providing both social and health care under one roof in our senior care centres

Singapore's Healthcare Financing Framework

Enhancing Affordability

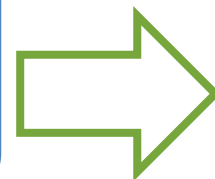

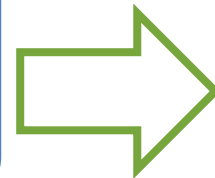

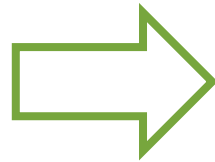

MediShield (Current)

Our pre-existing conditions are excluded

Singaporeans are only covered till age of 90

Coverage lapses when premiums are not paid

MediShield Life (New)

Singaporeans will all be covered under MediShield Life, incl any pre-existing conditions

Singaporeans will be covered for life

Full coverage maintained, assistance to help needy Singaporeans

Singaporeans pay less for large bills, with more benefits

Thank you.
