admission record

discharge record

Introduction

Admission Label / Pre-discharge Label

Objectives

- To maintain accurate record on patient admission and upon discharge
- To serve as a guide for junior staff upon patient's discharge

Methodology

- Form a working group
- Start the trial run *From Apr to Aug 2017 *Modify the label to fit local use
- Roll over to other TBCU wards from September 2017 onwards
- Initial Feedback from staff is encouraging

Result

- To improve the standard of nursing documentation
- An unique recording system is established
 - The documentation method is well accepted by the staff
- Communication is enhanced
- A follow up audit will be carried out in 1Q 2018
