**Comprehensive Fall Prevention Programme in Multidisciplinary Approach**

*SK LAu, NO MMRC*

*Andy Lee, RN, MMRC*

.

**Keywords:**

fall prevention

**Introduction**

Falls are common in MMRC

No well organized Fall Prevention Programme

Each disciplines are doing their own fall preventive management

Lack of communication between discipline on fall prevention

**Objectives**

To set up a well organized fall prevention programme

Run the programme in a multidisciplinary approach

Increase the communication within discipline

Increase staff's and patient's awareness on fall prevention

**Methodology**

0

**Result**

Disciplines are well communicated on fall prevention

Staff's awareness on fall prevention has a key improvement

Will continuous run the programme and seek improvement
