

Support to Residents and Persons Affected by the Fire Incident at Wang Fuk Court in Tai Po

Hospital Authority Medical Fee Waiver Arrangement

Individuals Injured in the Fire and Admitted to Public Hospitals

All individuals injured in the fire and admitted to public hospitals for such injuries under the Hospital Authority (HA) will receive **full fee waivers** for all necessary healthcare services (including drugs and medical devices) and charges for administrative items through the entire process of their treatment and rehabilitation.

Residents and registered owners at Wang Fuk Court

All residents (including foreign domestic helpers) and registered owners of the eight blocks at Wang Fuk Court (including Wang Chi House which was not directly affected by the fire incident) will be eligible for **full medical fee waivers** from the date of fire incident until December 31, 2026. The waivers cover in-patient services, family medicine and specialist out-patient clinics (SOPCs) services (including psychiatry SOPCs), accident and emergency services, day hospitals, day procedures, community services, charges for administrative items and Chinese Medicine Clinics cum Training and Research Centres under the HA (excluding self-financed drugs and medical devices).

Application

Affected residents and persons should identify themselves to the HA staff during medical consultations and provide basic personal information (including name, identity card number and residential address), and complete and sign the declaration form to facilitate the processing of relevant arrangements.
