Castle Peak Hospital**

青山醫院精神健康學院
Institute of Mental Health
Castle Peak Hospital

Introduction

With the increasing emphasis on community mental health and mental well-being in Hong Kong, it is not uncommon for professionals in any field to find themselves in a position to render assistance to people with mental health problems or to support their carers. In order to best serve the needs of the society, it is important to equip oneself with the knowledge and skills in managing people with mental health problems to facilitate early detection, timely intervention and care.

Course Description

This Certificate Course in Mental Health (MHC) is a 13.5-hour training course organised by the Institute of Mental Health (IMH) of Castle Peak Hospital (CPH). It aims to provide training to professionals, health care professionals and related personnel on the common mental illnesses and the skills in managing mental illnesses by comprehensive lectures.

A certificate would be granted to participants having satisfactory course attendance (at least 75%) and having passed the multiple-choice examination at the end of the course.

Target Participants

Frontline who may come into contact with people with mental health problems or their carers in their daily practice, professionals, health care professionals and related personnel including doctors, nurses, psychologists, occupational therapists, social workers, counselors, hostel workers, allied health workers, teachers, police, and housing officers. People interested in pursuing a mental health related career are also welcome.
