如果人生是一場障礙賽, 曾是精英班高材生 的阿歡,她的賽道特別難走。10年前讀中三 時因腦血管畸型中風改寫一生,昏迷一個月 蘇醒但已全身癱瘓,記憶力衰退,憑頑強意

Stroke Patient Journey

> Patient empowerment:

Enhance the competencies of the stroke survivors and caregivers in secondary stroke prevention and disease management.

Psychosocial support:

Establish peer support network with a positive coping attitude in the entire stroke rehabilitation journey

Community bridging:

Bridge up with community resources and set up community support network for stroke survivors to re-integrate into the community.
