

- Bring along all medications currently being use. Patients who require temporary suspension of certain medications pre-operatively, should check with their doctor on when they can resume taking their medication
- For General anesthesia:  
Do not consume either food or drink 6 to 8 hours before the operation, or as instructed by the anesthetist
- For local anaesthesia:  
Fasting is not necessary prior to the procedure. A light breakfast is recommended
- If you are unable to keep the appointment, please inform the Eye Out-patient Clinic during office hours as soon as possible
- When Typhoon Signal No. 8 or above is hoisted, or when the Black Rainstorm warning is in force, your operation will be postponed. You will be notified of the new appointment by the hospital
- Please do not bring any valuables or large amount of money. The hospital will not be responsible for any loss

**Should you have any queries, please consult your doctor during follow-up**

**Information provided by Department of Ophthalmology, Grantham Hospital**
